THE 80's TAKES MORE THAN COMMITMENT AND GUTS.
That's where the TIEM Centre comes in. We provide a state-of-the-art working environment for people like you who want to go into business for yourself. The Centre prepares you to launch your new business successfully. We stand behind you as a source of ongoing advice and assistance throughout the critical formative years of your business. In the TIEM Centre, we guide you in developing the practical business skills you will need to get your company up and running. These include: **M** business opportunity identification **w** business plan development **r** cash flow budgeting market assessment and analysis
