And it's in perfect condition. The wood. So all that suggests that if you found an old wooden vessel in that area, in that kind of water, that it would be in relatively good shape, too.... But there are hundreds and wrecks at St. Paul's Island of 321, I believe it is, so occurred at St. Paul's. The ty, from hundreds of years I guess about '57 was the 1 know about. It was a wooden trawler.... You know, there There's two wrecks on the s the island. One's in about- about 45 feet. But the whol the ship is virtually intac supported in a crevice, so fall one way or the other. hundreds of I have a list far. That have re's any varie- ago right up to st one that I diesel-powered s everything. outh side of -oh, it's only e after end of t. And it • s that it can't Then there's another one not too far from there--about a mile and a quarter from there--that • s the same, only the stern end of it, right in the area of the propeller, is sitting on top of a big rock. So you can actually go right down in under the wreck. That one's in about 85 feet of wa? ter. But the whole stern section's intact. There's cutlery there to see, there's ce? ramics there, all kinds of stuff to see. There are lots and lots of stories. Each one has its own. I don't know all 321 sto? ries, but I know a number of them. Since 1914 H. H. Marshall Limited WHOLESALE DISTRIBUTORS OF PERIODICALS & BOOKSV Corporate Head Office Halifax, N.
