one thing and Arthur Munroe saw the funeral going by and he told her that he saw several people that he knew with horses and buggies. Now, about three or four weeks afterwards there was somebody from Belle Cote--I can't tell you who it was who died--in those days the remains came into Inverness on the train and several teams went up to Inverness to escort the remains down. And as they were in the very same place in Belle Cote, they realized that they were taking the remains down and Arthur's wife realized that this is what had happened when Arthur stopped. Now, there was some? thing that, you might say, another one that could not be prevented. Now, there's another type of forerunner and I will give you an example of it. It's what they call making a wish concerning yourself with your wish so strong that it almost possesses kinetic energy. What I mean by that, you often hear the word "telekinesis," people with mental strength sufficient to cause bodies to float. Now, they claim that there are people who unconsciously have the power to project themselves into another space. Now, a typical example of that, and I'm going to go back to the lady I was mentioning to you that did not mention too strongly anything about the dress. This Mary Belle Cameron came home to Margaree. She came home for a weekend, and while she was home a terrific storm came up. You know, you would feel pretty badly, here she was away from her school and with no way to get there, and apparently not too good a chance to get up there before Tuesday at least. She couldn't even get to the train in Inverness so that she could get the train to Judique. Now, Mrs. Gillis with whom she was boarding (in Judique) was on her knees saying the rosary with her children that night. And as she was saying the rosary, Mary Belle walked through the kitchen. She never thought of anything. She thought it was Mary Belle. And Mary Belle walked through A Pioneer Company ROBIN'S • NOW 228 YEARS OLD • ROBIN, JONES & WHITMAN, INC. The company was founded around 1766 by the Robin family from the islands of Jersey and Guernsey in the English Channel. These French-speaking immigrants to Arichat and Cheticamp supplied the local fishermen with their basic necessities and took the fishermen's catch to markets all around the world. Robin's have evolved to include furniture, hardware, building supplies, and groceries. Cheticamp, N.S. 224-2022 • Inverness, N.S. 258-2241 the kitchen and went up to her room. She thought it was funny that she didn't stay for the rosary. And after she had finished the rosary she went up to say hello to Mary Belle but Mary Belle's door was closed and there was nobody in the room. So she didn't say a word, she thought: There's something funny happening. And Mary Belle did get back on Monday night, she got back to Judique to open school on Tuesday. And she began to mention to Mrs. Gillis that she missed A BESTSELLER * • ? BRETON BOOKS!
