Three days later Rev. Michael Gillis visited me. After he left, the circulation started in the right leg. I went from crutches to a cane. July 1st, 1940, I danced at a parish picnic. These incidents showed me God's mysterious ways in granting me the cure through Ste. Anne's intercession and His vicars on earth. ...the picture, with the white whiskers on it. You know, you've often seen a picture of our Lord. (Yes.) And he changed then. And I could see the children around the altar • angels around the altar. And then it was just given to me the different parts of the Mass, that I was supposed to kneel during the consecration, from the beginning to the end of the consecration. So. Then right after that the clergy went over and opened the tabernacle • 'was a great big beautiful light came out of the tabernacle.... (What was Jesus wearing?) Just the same as you see in the • I didn't even glance at that, it happened so fast, one vision to the other. (Do you have a sense of his face?) Oh, yes • similar to what is on Veronica's veil, which she wiped his face with.... He left his picture on that veil, Veronica's veil. (Oh, the veil of....) Turin. Annual Antigonish Diocesan Pilgrimage to Ste. Anne de Beaupri by train, led by Mr. Gillis, would go by our farm on the way to the shrine. We as children would run to the railroad to wave to the pilgrims. I would wish I was one of them and wonder why we couldn't go, until Mother told us they couldn't afford the trip. (So that, what we see are images that we commonly see: God's face is very much as you've seen it in paintings.) Yes. (And Jesus very much as we've seen it depicted in other places.) M-hm.... I never saw Our Lady. Never saw her. (And angels • what are angels like? You called them children?) Just like little children with little wings on, you know. You see them in pictures. (But to feel that you have seen them, is remarkable. No fear?) No-o-o! There's no fear at all. Just happiness, actually. You get a feeling of happiness and peacefulness. That's only just one.... (That was a vision.) Yes, that was a vision. That was definitely a vision. (And had you had other visions in Cape Breton?) Kay laughs. Yes, in a way, but I don't want to say it in case • think I'm nuts! (Of course people will think you're nuts!...) Laughter. But people, I don't know, they don't want to believe. It's a lack of • that's all that's wrong. People don't want to believe. Mick joined the army in August (1941). In September the district had no schoolteacher. The trustees asked me if I would teach the term. I said yes. But I had to get permission from the Inspector because married teachers were not allowed to teach. Permission was granted. I taught the term 1941-42. In June, we bought a farm in Beaver Cove. It was situated near Camp Beaver. May 1942, I was pregnant. I started to hemorrhage while I was teaching. I went home at recess; went to my room and prayed to Ste. Anne. Everything stopped. I went back to finish the day. In July I went to Ste. Anne de Beaupri with two sisters-in-law. This was my first trip to Ste. Anne's. While growing up, the While in the church store (at Ste. Anne's), I started to hemorrhage again. I sat in a chair. He noticed me and asked what was wrong. I noticed a Ste. Anne's maternity cord on one of the counters. I said, "Get me the cord and have it blessed and touched to the relic of Ste. Anne." When she returned I put it on. Suddenly,

everything stopped. I wore the cord until he was born. Both sisters-in-law were also cured after they arrived home. When it came time for my confinement, I stayed with a relative in Sydney. Mick was in the army barracks at South Bar. He came to see me January 5th and said that he couldn't see me January 6th because he had to serve dinner to head army officials. 'tBBE'I V. J.
