KCG- tOITH S:) HAOL-Of haul-tip the strongback. Then they bring the ropes from the door around the bow guid the stem so they can haul the door bar up on the inside of the trap. You get that up and tie it in the door boat. Then you're ready to purse your trap. They start hauling as much twine as possi? ble into that door boat. They take an aw? ful lot of twine in. And they have what they call strengtheners • a piece of rope tied onto the twine that runs from the CONTINUED ON NEXT PAGE
